MEMORANDUM FOR: Director of Public Affairs

FROM: Director of Central Intelligence

SUBJECT: Retired Agency Employees Who Have Caused
Security Problems Through Publication

I wonder if there is any way to catalog Agency employees who in retirement have caused us the most security problem through publication. Perhaps we could rank order those who have done us the greatest damage starting with Agee and trying to categorize why they have published classified or information critical of the Agency. A sub-set of this would be the extent to which any of this was engendered by reaction to Schlesinger's or my reductions in force; reactions to Vietnam and Watergate (Stockwell and Snepp); or attempts to settle old feuds (people who talked with Epstein).
